Regarding: GSEIS Seismic Upgrade – Completion  
ESI Job Number 05-G151

Dear John,

The seismic correction project for the Graduate School of Education and Information Science shown on our structural drawings has been completed. It is our professional opinion that the anticipated seismic performance of the building structure has been improved as a result of this seismic upgrade work and merits a "GOOD" rating in accordance with the University of California Seismic Policy.

Sincerely,

Thomas A. Sabol, Ph.D., S.E.  
Principal
