

## **ADVERTISEMENT FOR BIDS**

Subject to conditions prescribed by the University of California, Los Angeles, sealed bids for a lump sum contract are invited for the following work:

SPAULDING FIELD RENOVATION  
Project Number 907112.01

### **DESCRIPTION OF WORK:**

The work consists of the renovation of Spaulding Field. Located immediately east of the Wasserman Football Center, Spaulding Field currently consists of two artificial turf, 60-yard practice fields oriented west to east. With UCLA's move to the Big Ten Conference, the football team will play on opposing teams' fields with natural grass, creating a need for a natural grass practice field. The project will renovate approximately 160,000 square feet of practice space to create a natural grass, full 100-yard field oriented north to south and two smaller artificial turf practice fields oriented west to east.

Contractor shall remove the existing turf, provide a new irrigation and drainage system for the grass field, and provide artificial and natural grass on the fields.

The estimated construction cost is \$2,369,000.

### **BIDDING DOCUMENTS:**
