*****Re-Bid*****

*****Modified per Addendum 1*****

Subject to conditions prescribed by the University of California, Los Angeles, sealed bids for a lump sum contract from prequalified bidders are invited for the following work:

GONDA CENTER DEEP ENERGY PROJECT
Project Number 943981.01

DESCRIPTION OF WORK:

This project will upgrade existing air handling units and lighting systems within the Gonda Center to reduce the building's annual energy usage by approximately 45 percent. Most energy savings will be achieved by converting laboratory air handling units from constant-volume to variable-airflow systems. Other opportunities for energy efficiency include programming upgrades for system controls and new lighting.

The Work shall include several measures referenced as ECMs in the contract documents. Laboratory exhaust valves will be converted from constant volume to variable air volume (VAV). In laboratory spaces, occupancy sensors shall be installed to reduce air changes and exhaust controls would be modified on fume hoods. New system strategies shall reduce equipment use through control of scheduling, temperature, pumps, and start/stop optimization. Lights and lighting control improvements shall include replacing fluorescent lights with LEDs. Related scope shall include patch and paint of walls in areas impacted by the work. In locations where equipment is above the existing ceilings grids, work shall include ceiling removal and re-installation, or replacement, after work is complete.

The base bid shall be comprised of the ECMs designated as "BASE LIGHTING," "BASE HVAC" and "ADD-ALT 4 within the SCOPE MATRIX on drawing M0.2. Additionally, Alternates 1 and 3 of this same matrix may be considered as part of this project.

All work shall be performed in a fully operational and restricted building. Night and off-shift work will be required in sensitive areas as identified by University Representative. Contractor shall maintain building security at all times and will be responsible for furnishing access to workers and vendors for deliveries.

Contractor shall include an initial air survey of as-built condition for all areas and equipment under the scope of work.

The estimated construction cost is \$7,058,000.

BIDDING DOCUMENTS:

1. Bidding Documents will be available beginning on October 9, 2026 and will be issued at:

UCLA Online Planroom
Website: <https://www.uclaplanroom.com/>

2. Bidders may view the Bidding Documents online at the UCLA Online Planroom website and download the documents at no cost to user.

BID DEADLINE: Bids will be received only at the following location:

Contracts Administration

University of California, Los Angeles
1060 Veteran Avenue, Suite 330
Box 951365
Los Angeles, California 90095-1365
310-825-7015

and must be received at or before:

2:00 p.m., November 10, 2026

Mandatory Site Visit: The mandatory Job Walk will be conducted at the project site and shall begin promptly at 11:00 a.m. Participants shall meet at 695 Charles E. Young Drive, South, Los Angeles, CA 90095 in the courtyard on the East side of the building at or before 11:00 a.m. Persons arriving later than said time will not be allowed to bid on the Project as prime contractors. Refer to the UCLA Campus Map at <https://map.ucla.edu/>. For further information, contact John Stephenson at (310) 206-2605.

NOTE: Bidders are advised that parking may be difficult. Bidders should allow ample time to drive to the above location in heavy traffic, find a parking space, walk to the designated Meeting Room prior to the required time. It is currently anticipated that the Site Visit will last at least 2 hours.

LICENSE REQUIREMENTS: The successful Bidder will be required to have the following California current and active contractor's license at the time of submission of the Bid:

B License (General Building)

PREQUALIFICATION: To be allowed to submit a bid, Bidders must have the minimum experience set forth in the Prequalification Questionnaire contained in the Bidding Documents and posted on the UCLA Online Planroom website. Bidder's completed Prequalification Questionnaire must be received at the above-listed University Contracts Administration office in a sealed envelope, or uploaded to the UCLA Online Planroom website, no later than:

3:00 p.m., October 23, 2026

NOTE: Bidders who successfully prequalified during the first prequalification for this project remain prequalified and are not required to submit any further documentation. Refer to the UCLA Online Planroom website for a list of said prequalified entities.

Every effort will be made to ensure that all persons have equal access to contracts and other business opportunities with the University within the limits imposed by law or University policy. Each Bidder may be required to show evidence of its equal employment opportunity policy. The successful Bidder and its subcontractors will be required to follow the nondiscrimination requirements set forth in the Bidding Documents and to pay prevailing wage at the location of the work.

In addition, the University is committed to promoting and increasing participation of small business enterprises (SBEs) and disabled veteran business enterprises (DVBES) relating to all goods and services covered under the awarded agreement, subject to any and all applicable obligations under state and federal law, and University policies. The awarded contractor shall make best efforts to provide qualified SBEs and DVBES with the maximum opportunity to participate. Please email ContractsAdministration@capnet.ucla.edu for further information.

The work described in the contract is a public work subject to section 1771 of the California Labor Code.

No contractor or subcontractor, regardless of tier, may be listed on a Bid for, or engage in the performance of, any portion of this project, unless registered with the Department of Industrial Relations pursuant to Labor Code section 1725.5 and 1771.1.

This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

The successful Bidder shall pay all persons providing construction services and/or any labor on site, including any University location, no less than the UC Fair Wage (defined as \$15 per hour) and shall comply with all applicable federal, state and local working condition requirements.
